**Grasslands Reserve Program  
Colorado Monitoring Checklist - Agreements**

The purpose of monitoring is to ensure compliance with agreement requirements, to evaluate management of grazing and wildlife resources, and to maintain good relations with the landowner(s). Monitoring is conducted annually, with an onsite visit at least once each three years. The Baseline Inventory, recorded at closing, should be used as a reference for any monitoring in addition to the current Conservation Plan. *Take photographic images from designated Photo Monitoring Points when doing onsite monitoring.*
